EXPERIENCE

Oregon State University Mathematics Department, Corvallis, OR

September 2023 - August 2026

Graduate teaching assistant

- Designed and ran student-centered, feedback-informed learning sessions to deliver evidence-based, equitable pedagogy in spite of serious practical constraints
- Tutored mathematics and statistics students during office hours and in the drop-in tutoring center
- Administered and graded student exams and homework assignments

Research

- Presented a paper on the philosophy of math education, addressing how fundamental beliefs about math and learning have led to a persistence of teacher-centered pedagogy and an inaccessible curriculum
- Analyzed the University's homework and grading systems for its calculus sequence and presented suggestions
- Interviewed and surveyed calculus students' experiences with course structure (homework, lecture, etc.)

Kalamazoo College Mathematics Department, Kalamazoo, MI

August 2021 - June 2023

Tutoring center assistant and consultant; teaching assistant

- Upheld tutoring center quality by coordinating and mentoring math and physics tutors
- Evaluated success of tutoring center operations by collecting feedback from students, tutors, and faculty
- Tutored students in course content and advised students on navigating the school environment

Senior capstone

- Founded a system for producing and presenting accessible, student-centered educational documents and videos for use in peer-tutoring centers across various departments to address unmet student needs
- Collaborated with administrators to develop a student feedback pipeline, allowing for data-driven decisions regarding system revisions and updates
- Developed the system's first documents and videos on the most difficult problems in the calculus sequence so as to improve the math tutoring center's supportive learning environment
- Presented results to the department to integrate the system into the department's methods and culture

Community Advocates for Parents and Students, Kalamazoo, MI

September 2019 - March 2020

Community advocate

- Participated in a community-based support program for public school students in low-income housing
- Created a welcoming, inclusive learning environment to address widespread student demotivation
- Engaged with students, parents, and community members to discuss unmet student needs and how those needs related to the public school system, socio-political issues, student relationships, and student career growth

EDUCATION

Oregon State University, Corvallis, OR

Master of Science, August 2026

Major: Mathematics

GPA: 3.9

Coursework: Course design and methods, theories of teaching and learning, active learning and equity, topics in math education. Real and complex analysis, numerical and abstract linear algebra, differential equations.

Kalamazoo College, Kalamazoo, MI

Bachelor of Arts, June 2023

Majors: Mathematics, philosophy, German studies

GPA: 4.0

Relevant non-calculus studies: pedagogy, applied and mathematical statistics, physics, computer science, logic
